INYATI MAMMAL CHECK-LIST

Sabi Sand Nature Reserve is not open to the general public and is renowned for providing some of the best game viewing in Africa. At Inyati, we take a different approach—one rooted in ethical guiding and conservation, earning our safari vehicles the trust of animals in the reserve. Limiting the number of vehicles at sightings to a maximum of two (with rare exceptions for three), we can ensure undisturbed wildlife interactions allowing for extraordinary encounters with even the most elusive species.

Enjoy your safari!
